RE: Special Use Permit Application of Labor Ready

Dear Members of the Zoning Board of Appeals:

I am writing you today to support Labor Ready on its special use permit application in the City of Chicago. I am Bill Rasta, Coordinator for the Salvation Army in Munster, In.. My business is in the same Community as Labor Ready's Hammond, In. Branch.

We have a good relationship with Labor Ready and know that the company takes pride in what they do. They have worked cooperatively with area businesses and organizations to ensure we maintain a safe neighborhood in which to work and live.

Donna Williams, Branch Manager and Kevin Bailey, have provided us with Bell Ringers and have personally volunteered for Donut days to help raise money for our community.

Labor Ready's admirable goal is to put people to work. Many of the people they employ would not otherwise have the opportunity to support themselves. In putting these people to work, they also serve community businesses of all sizes, and help them to meet their labor needs.

I am pleased to recommend Labor Ready to any community. Labor Ready makes a positive difference in the lives of its employees, to the businesses it serves, and in the communities where they operate.

Sincerely,

*William C. Fanelli
